

**GOVT. COLLEGE FOR WOMEN, PARADE GROUND, JAMMU-
180001, J&K.**

Criterion II – Teaching-Learning and Evaluation

Metric No. 2.3.2

2.3.2 Teachers use ICT enabled tools including online resources for effective teaching and learning process

Supporting documents:

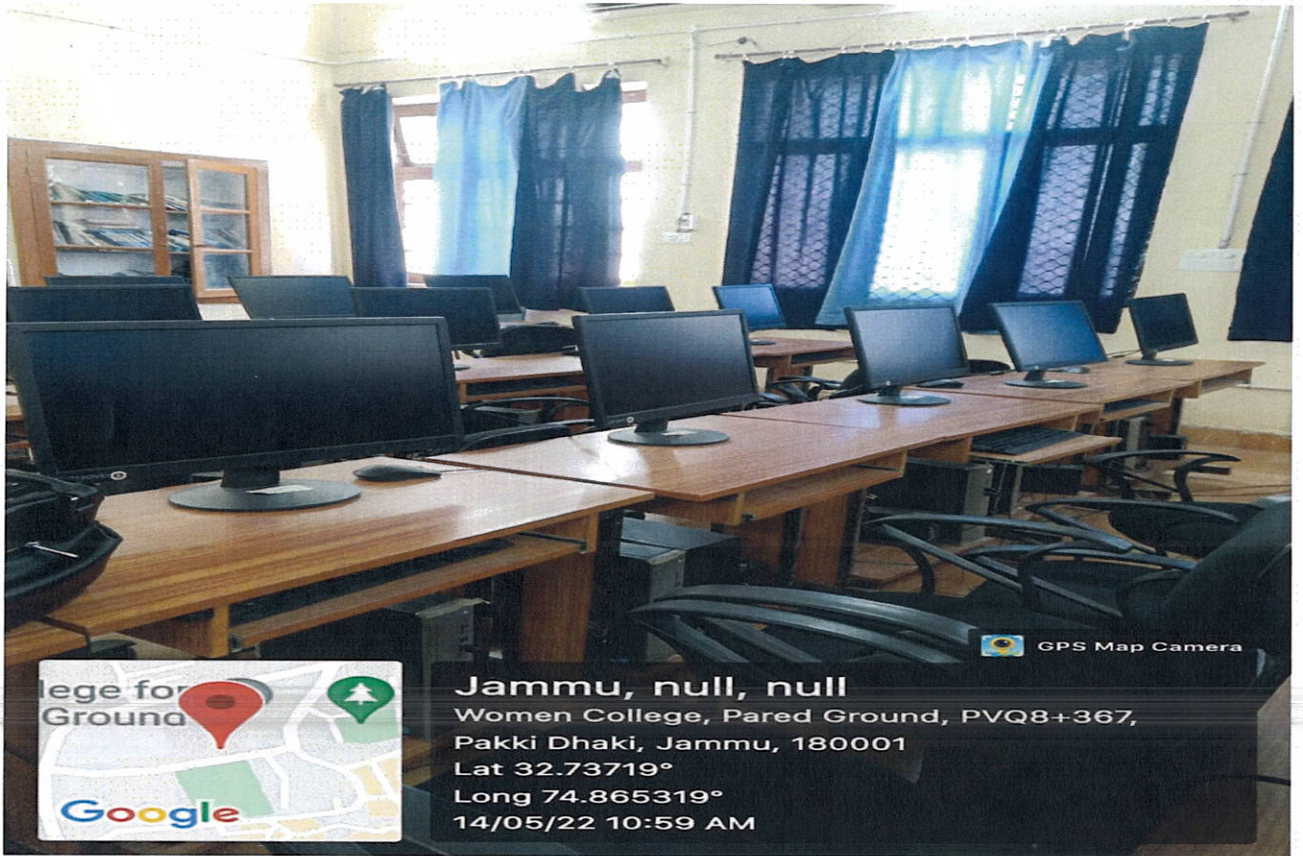

1. SMART CLASS ROOMS

The screenshot shows the website for Govt. College for Women, Parade Ground, Jammu. The header includes the college logo, name, and 'Autonomous College' status. A navigation menu lists: HOME, ADMINISTRATION, CAMPUS, ACADEMICS, ACTIVITIES, LIBRARY, SCHOLARSHIPS, IQAC, ALUMNAE, CONTACT US, and ABOUT GCWP. The 'Smart Classrooms' section features a yellow banner with the title and a paragraph: 'College campus has forty nine classrooms that cover an area of 44595 sqft. Twelve Classrooms are converted into smart classrooms by installing Display Digital Boards that makes learning fun and interesting for the students and enables teachers to teach effectively. There is provision of converting other classrooms into smart classrooms, if required, with the help of Star Boards, Magic Studio, and Handy Projectors etc.' Below the text are two photographs of smart classrooms. The left photo shows a classroom with a large digital board and rows of desks. The right photo shows a classroom with a digital board and a long desk with multiple computer monitors. Social media icons for Facebook, Twitter, Instagram, and YouTube are visible on the left side of the page.

Virtual Laboratory

The expansion of the information and communication technology (ICT) in Education Sector has strongly influenced many domains of our lives. Distance learning based on the Internet technology is becoming more and more popular nowadays. In this context remote virtual laboratories are very useful tools. Students can access virtual instruments via a computer network and carry out real experiments directly by using a standard Web browser. The idea behind establishment of virtual laboratory is to provide students a chance to perform experiments using the internet and visual aids without having the physical equipments at their end. The Virtual lab program presents a unique opportunity to boost the quality of education, deepen understanding, provide easier experiment modification, efficient result recording and also provide the necessary practical skills to young minds through cost effective outreach and distance learning activities.

The Higher Education Department, Government of Jammu and Kashmir (UT) in its e-Learning initiative of bringing education to the doorsteps of learners studying in various Degree Colleges of the UT has taken the initiative for the establishment of Virtual labs in all the Degree Colleges of UT. The Higher Education Department has proposed to set up Common Virtual Labs at various Degree Colleges in collaboration with IIT Mumbai. This is an MHRD initiative of setting up these virtual labs at various remote place of the country under its e-learning project. To accomplish the project the Higher Education Department has identified various regions and nodes wherein these colleges will be hosting these virtual labs.

5. COMMUNITY RADIO CENTRE

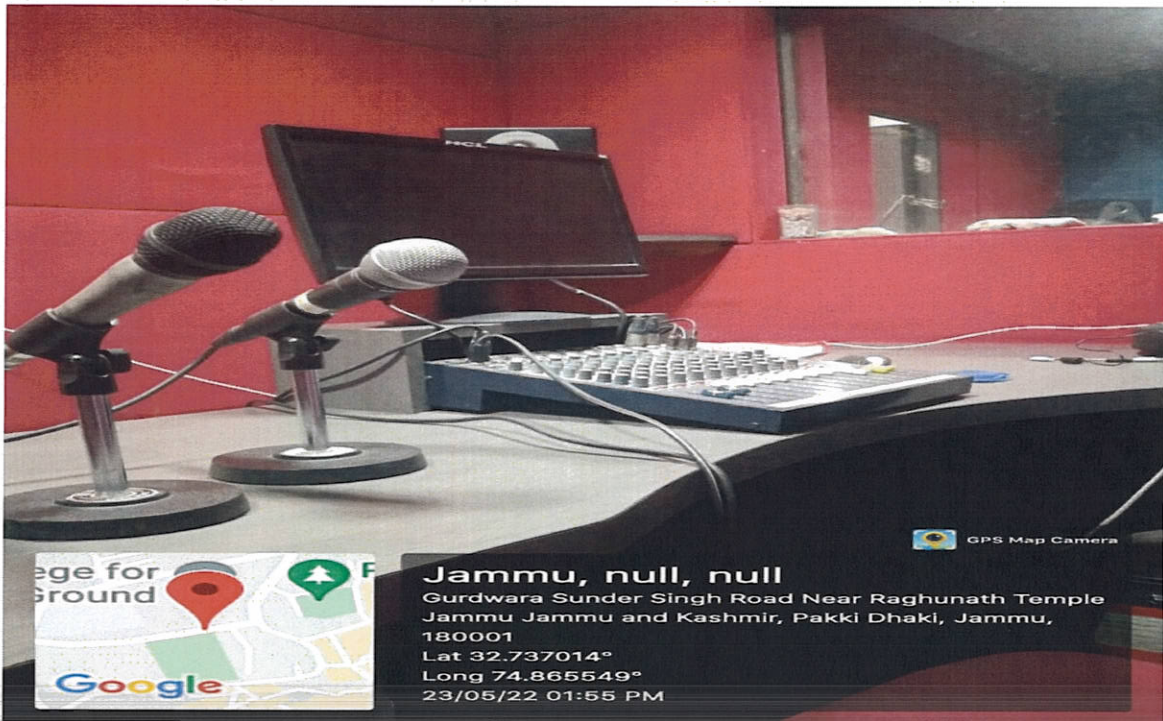

The screenshot shows the website interface for the Community Radio Centre. At the top, there is a dark blue header with the college's logo and name: "Govt. College for Women, Parade Ground, Jammu Autonomous College". A search bar and an "Administrative Login" button are also present. Below the header is a yellow navigation menu with links for HOME, ADMINISTRATION, CAMPUS, ACADEMICS, ACTIVITIES, LIBRARY, SCHOLARSHIPS, IQAC, ALUMNAE, CONTACT US, and ABOUT GCWP. The main content area has a yellow title bar "Community Radio Centre" and a text block describing the center's purpose: "Community Radio Centre was conceptualized by the department of Home Science with an aim to create an objective broadcast to highlight social issues and causes. A sound proof CRC was established in the basement of PG Department of Home Science with the idea to encompass communication and employment. The opportunities generated as a means for Human Resource Development includes vocational training as Producer, Content writer, Announcer, Radio Jockey and Jingle Writer etc." To the right of the text is a large empty rectangular box. Below the text are social media icons for Facebook, Twitter, Instagram, and YouTube. At the bottom, there are four columns of information: "REPORTS" with links for AQAR 2019-20 and NIRF; "Contact Us" with the address "Opposite Parade Ground, Old Jammu City, Jammu and Kashmir UT, 180001" and a phone number; "WEATHER" for JAMMU; and "Reach Us" with a "View larger map" link. A Windows watermark is visible in the bottom right corner of the screenshot.

NPTEL Online Certification
1-Validable Certificate from IITs & IISc

- Live Sessions by NPTEL course instructors**
Learners can interact directly with the course instructors.
- Video lecture Transcripts**
Video Transcripts in PDF for easy download.
- NPTEL Special Lecture Series**
Hear directly from eminent speakers of various domains.
- Lab Workshops**
An opportunity for the NPTEL course learners to experience world class lab facilities.
- GATE Portal**
An integrated platform to prepare for GATE with video lectures and detailed explanation of concepts.
- Internships**
Opportunity for course toppers to interact with the faculty and work under their guidance.
- Soft Skills Training**
Toppers can apply for free training and become job ready.
- Lecture Transcripts in Regional Languages**
Now available in 9 languages.

Exam Registration OPEN NOW!
Jan-Apr 2022 semester
